To whom it may concern:

Mr Marek Augustyn of 48 Royal Canal Apartment, Ashtown, Dublin 15 was an employee of Pressco Ltd from December 5th 2011 until November 9th 2015.

Marek was employed as a CNC programmer/operator. He worked in our Energy Exploration cell producing parts for the Oil Exploration industry. He has reached a high level of competency and can take a highly toleranced and complex part from drawing to completion.

Marek is a friendly, hardworking and reliable individual. He enjoyed an excellent relationship with his colleagues and supervisor.

Due to a downturn in the Oil Exploration sector we were forced to make Marek redundant.

I have no hesitation in recommending him for any role requiring his skillset.

Please do not hesitate to contact me if I may be of any further assistance.

Yours sincerely,

Stephen Hayes

Production Manager
