23/10/13

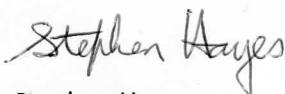

To whom it may concern:

Mr Marek Augustyn has worked in Pressco Ltd since December 5th 2011. Marek is a highly skilled CNC programmer working in a very busy manufacturing cell that produces parts for the oil exploration industry.

He is a hardworking, honest and friendly individual. Marek enjoys an excellent relationship with his colleagues and supervisor.

I have no hesitation in vouching for Marek's good character and work ethic and hope that he chooses to remain in Pressco for many years.

Yours sincerely,

Stephen Hayes

Production Manager

Pressco Ltd
